On Sunday, May 19, 2019 the Fire Department conducted a training burn at the Milton Town School District's Bradley Street property. Over the course of five hours the department was able to conduct multiple drills covering skills like basic interior firefighting, exterior attack, and advanced search and rescue techniques. For many new members this training was a vital first exposure which mimicked actual conditions during structure fires. The town and department thank the school district and neighbors for their consideration and help in allowing this training exercise.
