Weekly Report Ending 06/02/2019

Milton Rescue Department

For the week ending 06/02/2019 the ambulance service responded to 22 calls for service, resulting in 22 transports.

The pace of requests for ambulance service continues to rise and is still on pace to be a record year. Early data shows know particular cause for the increase and additional analysis is required.

Rescue has been struggling with engine problems on Ambulance 2, dropping the fleet to one vehicle. Although this does not decrease the service available to residents it puts continuity of operations at risk if the ambulance if the existing ambulance has any mechanical problems. We hope to have the second ambulance back this week.

Milton Fire Department

For the week ending 06/02/2019 the fire service has responded to 3 calls for service and have responded to 112 calls for service during 2019. Last week the department responded to a motorcyclist versus deer crash on Route 7, a fire alarm on Gonyeau Road, and the smell of something burning on Acorn Drive.
